I. Introduction

This New Faculty Resource Guide is designed to provide basic information about some of the campus resources, practices, and policies that may be of immediate concern to you as a new member of the Birmingham-Southern College community. Much of the information in this booklet can be found on the BSC Website. Please consult the Website site for official statements of the College’s benefits, policies and procedures, documents, forms, and much other information.

Mission of the College

Birmingham-Southern College prepares men and women for lives of significance. The College fosters intellectual and personal development through excellence in teaching and scholarship and by challenging students to engage their community and the greater world, to examine diverse perspectives, and to live with integrity. A residential, baccalaureate liberal arts institution, Birmingham-Southern College honors its Methodist heritage of informed inquiry and meaningful service.

Faculty Development

The faculty at Birmingham-Southern College is committed to achieving and maintaining excellence in teaching, to staying abreast of and making meaningful contributions to current ideas and innovations in disciplinary and related fields, and to providing thoughtful and constructive academic advising. In order to best accomplish these goals the faculty must deliver a quality curriculum, focusing on the individual student, and must continue to develop their knowledge base through on-going research and creativity. These commitments require sufficient time and resources necessary to fulfill our obligations as a faculty. We affirm that Birmingham-Southern College should offer the environment and resources conducive to the faculty developing and maintaining these commitments. (The Faculty Handbook III.D.1.)

II. New Faculty Mentor Program

The Faculty Mentor Program links new full-time faculty with established faculty in different disciplines in order to provide newcomers with additional contacts on campus outside of disciplinary colleagues. Mentors are available to answer general questions about the College, to provide support in teaching practices, or simply to offer a welcome to our professional and social community. Several thematic meetings (sponsored by the Provost’s Office) will be held each term for new tenure-track faculty and their mentors.

III. Campus Policies

All campus policies are posted on the BSC website:
http://www.bsc.edu/policies/

Active Shooter/Emergency Response Plan – The College periodically holds sessions and drills on what to do in the case of an active shooter and other emergency situations on campus. “In an Emergency, When You Hear It, Do It” flyers are posted in building across campus to remind both students and faculty of the proper response to various alerts issued by the College.

Disaster Plan - The College’s Disaster Plan designates the safest area to assemble in case of tornados or other natural disasters. A diagram is located in each building and indicates that the individual should go to the lowest level room in the most northwest area of the building. A Campus Police officer will be assigned to each building to assist in any evacuation.

Emergency Closings - The President will make the final decision, which will be reported to the media for general dissemination through the Office of Communications. Emergency closing information will also be posted on the Information Line at 205-226-3000.

FERPA - The privacy of student records is protected under the Family Educational Rights and Privacy Act of 1974 (FERPA). The Registrar has the institutional responsibility for interpreting both the Act and the rules and regulations issued by the Department of Education to enforce this Act. Under FERPA, students have the right to see their education records and the right to request a change if there is an error in any record. FERPA addresses two types of information: directory information and non-directory information.

Directory information includes the student’s name, address, e-mail address, telephone listing, major field of study, dates of attendance, degrees and awards received, most recent previous educational agency or institution attended, and participation in officially recognized activities and sports. A student’s directory information is not usually provided to anyone who requests it, including persons outside the College. A student may withhold directory information by notifying the Office of Academic Records in writing. A request to withhold directory information remains in effect as long as the student continues to be enrolled, or until the student files a written request with the Office of Academic Records to discontinue the withholding. Each student is responsible for keeping the College informed of the correct mailing address, both school and home. Any change in address should be updated by the student through the address change function on TheSIS. Parent address change information should be submitted to the Office of Academic Records using the change of address form located on the Office of Academic Records home page.

Non-directory information makes up the remainder of the student’s education record. The education record includes, but is not limited to, academic, disciplinary, financial aid, health, student account, and other information directly related to a student’s enrollment at Birmingham-Southern College. Students may give permission to allow their education record to be disclosed to a designated individual(s) by signing the FERPA Release Form - Student Consent for Access to Education Records. The FERPA Release Form is available on the Office of Academic Records home page. FERPA also allows a student’s academic record to be shared without the student’s direct consent with parents or guardians who certify their student is claimed as a dependent for IRS purposes.

The school discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by
Birmingham-Southern College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the College who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibilities for Birmingham-Southern College.

The Office of Academic Records provides an online FERPA tutorial that fully explains the policy.

Additional information is available in the Catalog and at the website.

**Firearms** - The College prohibits the possession, except as allowed in this policy, of firearms on campus with the exception of Campus Police. Employees with current Alabama pistol applications may keep a firearm locked in their vehicle. Under no circumstances is a firearm allowed to be carried by an employee while on campus. (This includes possession of a firearm in any type of bag, such as a purse.)

**Fire Safety** - Fire prevention measures cannot be overemphasized. However, in the event that a fire occurs, the following steps should be taken:

1. Check the fire and judge its size.
2. Pull the fire alarm.
3. Call Campus Police at 205-226-4700 (They will call the Birmingham Fire Department.).
4. Evacuate the building.

**Smoking Policy** - All Birmingham-Southern College facilities, including the residence halls, are non-smoking; the use of all tobacco products is prohibited. One may not smoke within 25 feet of any Birmingham-Southern College facility or within 50 feet of any residence hall. One may not smoke in any Birmingham-Southern College vehicle.

**IV. Department Resources**

Office support services are provided for the faculty of each department through full-time academic programs assistants located as conveniently as possible to those faculty members.

Please ask your respective assistant or department chair for information about the following:

- facility maintenance problems
- printers and copying materials
- e-mail addresses and distribution lists
- telephone and fax numbers and usage
- mailboxes
- equipment reservations
- teaching supplies and support
- office supplies

Since each assistant serves a number of faculty members, it is recommended that requests for assistance be made several days in advance of the time when materials, information, or arrangements are needed.
V. Area Chairs, Department Chairs, and Academic Program Assistants

The Faculty is organized into three interdisciplinary Academic Areas, Wightman, Lupton, and Wadsworth, named after former BSC presidents. Each area is composed of several departments and programs, and is supervised by an Area Chair. In addition, the Engaged Learning Programs form a de facto fourth area.
