6.00 Drug-Free Campus and Workplace Policy

Birmingham-Southern College is committed to providing a drug-free campus and workplace environment. As an institution of higher education, the College recognizes the need to establish a drug and alcohol awareness program to educate you about the dangers of drug and alcohol abuse.

You are prohibited from unlawfully manufacturing, distributing, dispensing, possessing or using illicit drugs and unauthorized alcohol on this campus or as part of any of its activities.

The College will impose sanctions (consistent with local, State and Federal law) upon you if you violate the standards of conduct set forth in this policy. Such sanctions may include required completion (at your own expense) of an appropriate rehabilitation program chosen by the College, referral for prosecution, probation, suspension or expulsion of students and suspension or termination of faculty and staff members.

If you are convicted of violating a criminal drug statute and such conviction is for a violation occurring in the workplace, the College shall take appropriate disciplinary action against you, up to and including termination, or shall require you

at your expense, to participate satisfactorily in a drug abuse assistance or rehabilitation program chosen by the College. Notwithstanding any other procedural rule or regulation in any manual or handbook, such action shall be taken within thirty (30) days after the College receives notice of your conviction.

The unlawful possession, use, or distribution of illicit drugs and alcohol is punished by harsh sanctions under the Federal and State of Alabama laws, including but not limited to long-term confinement and substantial fines.

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and liver. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk of becoming alcoholics than other youngsters.

The use of drugs can pose many risks to health. It can cause high blood pressure, heart or respiratory failure, impaired memory or injury, even death through violence or self-destructive behavior. Even infrequent use may lead to tremors, impaired sexual response, cardiovascular damage, and impaired performance, which could lead to poor grades, financial problems and interpersonal conflicts. (What Works: Schools Without Drugs, U. S. Department of Education (1992))

If you are engaged in the performance of federal grants or contracts, primarily if you are employed in the Finance Office, Student Financial Aid, and Sponsored Projects you will agree to abide by the terms of this policy as a condition of your employment and will notify the College of any criminal drug conviction for a violation occurring in the workplace no later than five (5) days after that conviction. Failure to so inform the College subjects you to disciplinary action, up to and including termination for the first offense. By law, the College will notify the federal agency within ten (10) days of receiving such notice from you or otherwise receiving notice of such a conviction.

This policy is established as required by the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989.

7.00 Categories of Employment

All employees serve at the discretion of the President of the College, with the exception of the President who serves at the discretion of the Board of Trustees. The President is the final authority for the establishment of positions, titles, length of appointments, salaries, and benefits.

Your employment with Birmingham-Southern College is classified in two different ways: first, according to the number of hours you are scheduled to work, and second, according to your job duties and responsibilities.

There are working hour classifications:

- Full time – You are classified as full-time if you are regularly scheduled to work 37.5 hours per week or more. If you work for Campus Police or Operations you are scheduled to work 40 hours per week.
- Part time – You are classified as part-time if you are regularly scheduled to work less than 37.5 hours per week. If you work for Campus Police or Operations you are scheduled to work less than 40 hours per week.
- Temporary – You are classified as temporary if you are hired for a specific purpose or project or if your employment is so designated at the time of hire.

There are also two job duty classifications: exempt and non-exempt. Birmingham-Southern College classifies you as

either exempt or non-exempt for purposes of the federal wage and hours laws based on your job duties and responsibilities. If you believe you have been misclassified, you must notify the Human Resources Office immediately.

8.00 Eligibility for Employment

8.01 ELIGIBILITY REQUIREMENTS

An individual seeking employment must be eligible to work in the United States in accordance with applicable immigration laws. All employees hired after November 6, 1986, must complete a Form I-9 and submit evidence of identity and eligibility as required by the Form I-9. Employees must also satisfy the requirement of the Alabama Child Protection Act of 1999. Your employment is likewise contingent upon a verification of eligibility of employment via the federal E-Verify program, as required by the Beason-Hammon Alabama Taxpayer and Citizen Protection Act. If you are a former employee who terminated your employment from the College in good standing and you are seeking re-employment; you must meet all requirements for the position under consideration. If re-employed, you will be considered a new employee. Employees whose jobs require operation of a vehicle must also meet the safe driver requirements as determined by the Human Resources Office and the College's automobile insurance carrier.

8.02 EMPLOYMENT OF FAMILY MEMBERS

Birmingham-Southern College does not permit employment of Family Members of current Birmingham-Southern College employees in the same department or in situations where one family member would have the opportunity to affect the employment of the other. Examples of situations where employment of a relative would not be appropriate:

- One family member is responsible for directing and assigning the work of the other family member.
- One family member has the authority to affect the pay and benefits of the other family member.

"Family members" within the meaning of this policy include the following relationships (including natural, half, adoptive, step, foster, and in-law):

- Spouse
- Parent
- Child
- Grandparent
- Grandchild
- Sibling
- Uncle/Aunt
- First cousin

If you are or become related to another employee and your work relationship might be prohibited by this policy, you must report the situation to the Human Resources Office immediately. The President will review situations involving the employment of family members and determine whether the working relationship is appropriate. The President's decision in this respect will be final.

8.03 PERSONNEL RECORDS

The Human Resources Office maintains a permanent employment record on you. Your file may include, but is not limited to, application for employment, references, correspondence, reprimands, wage changes, benefit enrollment forms, and tax deduction information.

During active employment at the College, you may review your personnel file upon submitting a written request for access to the Human Resources Office.

8.04 INITIAL EMPLOYMENT PERIOD

If you are a newly-hired employee, or an employee transferred to another position or an employee promoted to a higher level position, you will be considered on an introductory status for a period of ninety (90) calendar days from the date of employment or promotion. During this period, your immediate supervisor will observe your work performance and general suitability for the position. At your supervisor's discretion your introductory period may be extended for no more than an additional ninety (90) day period.

Your immediate supervisor will file a performance evaluation no later than ten (10) working days prior to the end of the introductory period. There is no obligation to continue employment through the introductory period. Your Supervisor is responsible for initiating termination if your performance is not acceptable. You do not have access to the grievance procedure during the introductory period or with respect to termination of employment at the end of the introductory period.

An electronic copy of the evaluation will be maintained by the Human Resources Office.

8.05 JOB VACANCIES AND PROMOTIONS

Birmingham-Southern College will post openings for staff positions so that you may apply for these positions. Management may, on occasion, deem it necessary to transfer or relocate employees to other departments without posting the position.

The posting will include a job summary and minimum qualifications. If you are interested in applying for a posted position and can meet the job requirements, you must contact the Human Resources Office.

You may not apply for a posted position if you have served less than one (1) year in your current position.

You may not apply for a posted position if you have been issued any form of disciplinary notice within six (6) months prior to the posting of the open position. Birmingham-Southern College may consider disciplinary notices older than six (6) months in reviewing qualifications for the position.

Consideration for transfer will be based on the applicants' current job performance, ability to meet all posted job requirements, and Birmingham-Southern College's staffing needs. The utmost consideration in all circumstances is that service quality be maintained for all affected departments.

You are not guaranteed a promotion or transfer solely because you are the only applicant. Birmingham-Southern College may seek additional qualified applicants from outside sources when it deems appropriate. If you are not selected for the position for which you applied, the Human Resources Office will notify you.

If you are selected for a posted position, the Human Resources Office will notify you and you will be responsible for notifying your supervisor. Your starting date in the new position will be determined by management based on staffing and other departmental needs with due regard for providing the best service. It is expected non-exempt employees will serve a two-week notice and exempt employees will serve a one-month notice before transferring.

Lateral transfers do not receive a salary increase.

8.06 RESIGNATION AND TERMINATION

If you are an exempt employee you must provide one calendar month's notice when resigning from the College unless notice is waived by your supervisor. If you are a non-exempt employee you must provide two working weeks notice unless notice is waived by your immediate supervisor.

The College will provide one month's notice of termination to exempt employees. Non-exempt employees will receive two working weeks notice of termination.

Benefits will cease at the end of the month following your last day worked except life insurance benefits, which terminate on your last day worked. Health, dental, and vision insurance benefits may be continued through the provisions as provided by COBRA (Consolidated Omnibus Budget Reconciliation Act of 1986).

See section 12.06 for an explanation of payment of accrued annual leave.

See section 13.01 for explanation of Holiday pay for Campus Police and Operations.

8.07 REDUCTION IN FORCE

Whenever the President determines that a reduction in force is required, the President, the Administrative Officers, and

the Associate Vice President for Human Resources and Risk Management will take into account the employees' relative performance levels, abilities, versatility, and the needs of the department. When all other factors are equal, seniority will govern.

9.00 Compensation

The Birmingham-Southern College Board of Trustees may approve a salary increase each fiscal year, at its discretion. Individual salaries and wages within the Board-approved increase must be recommended by your supervisor and approved by your Administrative Officer and the President to become effective.

9.01 PAYROLL PERIODS

You are paid either on a monthly or semi-monthly basis.

For exempt, monthly-paid employees, payroll statements are distributed on the 29th of the month, or the last working day prior to that date. Notification of any changes must be received in writing by the Human Resources Office by the 15th of the month in which the change is to be made.

For semi-monthly-paid employees, payroll advices are distributed on the 15th and the last day of the month, or the last working day prior to that date. Notification of any changes must be received in writing by the Human Resources Office by the 7th of the month in which the change is to be made.

Your payroll advice shows your gross pay, deductions and net pay amount. You must review it for errors immediately upon receipt. If you suspect errors in your paycheck (deductions, hours worked, incorrect pay rate, etc.), you must bring the suspected error to the attention of the Human Resources Office immediately and in no event later than the end of the next payroll period.

9.02 HOURS OF WORK

If you are a full-time employee, you are normally expected to work a seven and a half hour day, five days per week, unless you and Birmingham-Southern College have made prior arrangements for you to work a shortened work week. Campus Police and Operations are expected to work an eight hour day, five days per week.

If you are a part-time employee, your working hours will be established by your supervisor.

The College's normal workday begins at 8:15 A.M. and ends at 4:45 P.M. The workweek begins at 12:01 am on Saturday and ends at 12:00 midnight on Friday. Campus Police and Operations employees have designated shifts. You are expected to report to work on time and remain on the job throughout the regular workday. Your supervisor must approve any deviations from the stated workday. A one-hour meal period (usually taken between 12:00 noon and 1:00 PM) is provided by the College, but is not included in the normal workday. A thirty-minute meal period is provided for Campus Police and Operations.

9.03 WORKING TIME RECORDS

You are responsible for keeping and reporting an accurate record of the hours you work. If you are classified as a non-exempt employee you must reflect actual hours you work each day as well as hours you do not work (annual leave, sick leave, holidays, etc.). If you are classified as an exempt employee you must report hours not worked (annual leave, sick leave). Failure to keep accurate time records will result in discipline. Falsification of time records by any method will result in discharge.

9.04 OVERTIME

Sometimes work beyond the normal business hours is necessary and unavoidable. Your supervisor will make reasonable efforts to avoid requiring overtime and to schedule overtime with as much notice as possible. If your supervisor notifies you that you must work overtime, the overtime is mandatory and failure to work may result in discipline.

The workweek begins at 12:01 am on Saturday and ends at 12:00 midnight on Friday. No “comp time” will be carried from one work week to the next.

You are not permitted to work overtime without the express, prior approval of a supervisor with appropriate authority. Working overtime without approval will result in disciplinary action.

9.07 EDUCATION TUITION REMISSION

Full-time employees and their dependents are eligible to receive tuition benefits at the College.

Part-time Undergraduate Study

Employees and their spouses are eligible from the date of employment, effective the start date of the following academic term, for 100% tuition remission for part-time undergraduate study at BSC. Tuition remission will be granted for one (1) unit of study per term, with a maximum benefit of three (3) full units per fiscal year. Tuition remission for part-time undergraduate study for employees and their spouse includes tuition, student activity fee, and post office rental.

Full-Time Undergraduate Study

Employees, employees' children, adopted children, legal wards under the age of 25, and a spouse (“eligible dependents”) are entitled to full tuition remission at BSC after the employee has completed two (2) consecutive years of continuous employment, with work hours totaling at least 35 hours per week for staff employees, effective the start date of the following academic term. Eligible dependents must be enrolled as a first time baccalaureate degree

candidate, must meet all the standard requirements for admission, and must maintain satisfactory academic progress.  - o The term spouse is defined as your husband or wife recognized by applicable state laws, including common law spouses recognized by state law. Please note that since January 1, 2017, no new common law marriages are effective in Alabama, while an otherwise valid common-law marriage entered into before January 1, 2017 continues to be valid.
 - o The term parent is defined as your biological father or mother or anyone who treated you as a son or daughter when you were under the age of 18 years. This term does not include in-laws.
- Because of any qualifying exigency arising out of the fact that your spouse, child, or parent is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation.

Leave will be granted under this paragraph according to applicable law and regulations. You are eligible for FML if you have been employed for at least 12 months and worked at least 1,250 hours during the previous 12 months prior to the start of leave.

The 12-month period is defined as a "rolling" 12-month period measured backward from the date an employee uses any Family Medical leave. (Using this method each time an employee takes Family Medical Leave the remaining leave entitlement would be any balance of the 12 weeks which has not been used during the immediately preceding 12 months. For example, if an employee used four weeks beginning February 1, 2018, four weeks beginning June 1, 2018, and four weeks beginning December 1, 2018, the employee would not be entitled to any additional leave until February 1, 2019. However, on February 1, 2019, the employee would be entitled to an additional four weeks of leave,

on June 1, the employee would be entitled to an additional four weeks, etc.)

If you and your spouse are both employed by Birmingham-Southern College, the two of you will be limited to a combined total of 12 weeks of FML for the birth or placement of a child or to care for a parent with a serious health condition. You may use any unused portion of the 12 weeks for your own serious health condition, to care for a seriously ill child, or to care for your seriously ill spouse.

15.03 NOTICE OF FAMILY AND MEDICAL LEAVE

You must provide Birmingham-Southern College at least 30 days' advance notice before leave is to begin if the leave is foreseeable based on a birth, adoption, foster care or planned medical treatment for a serious health condition of yourself or your family member. When 30 days' notice is not possible, you must give as much notice as is practicable under the circumstances.

You must provide a Certification of Health Care Provider to support a leave request due to the medical condition of yourself or your family member. Blank forms are available from the Human Resources Office.

Failure to provide a completed Certification of Health Care Provider within 15 days or failure to provide a 30 day advance notice of foreseeable leave may result in the delay or denial of leave.

Birmingham-Southern College may request re-certification every 30 days for a serious health condition, depending upon the circumstances. Birmingham-Southern College reserves the right to designate time as FML, including workers compensation leave.

While on FML, you are required to stay in contact with the Human Resources Office (226-4644) and your supervisor every 30 days regarding your status and intent to return to work.

When your requested leave is because your spouse, child or parent is on active duty, or because of notification of an impending call or order to active duty in support of a contingency operation, and the need for leave is foreseeable, you must provide as much notice as is reasonable and practicable. You must provide certification in such time and such manner as the Secretary of Labor prescribes by regulation.

15.04 MILITARY SERVICE MEMBER FAMILY LEAVE

If you are eligible for FMLA leave, and you have a spouse, child, parent, or next of kin who is a "covered servicemember," you are entitled to up to 26 workweeks of leave during a 12-month period to care for the servicemember. This leave is only available during a single 12-month period. A "covered servicemember" is a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. The term "serious injury or illness" means an injury or illness incurred by the servicemember in line of duty on active duty in the Armed Forces that may render the servicemember medically unfit to perform the duties of the member's office, grade, rank, or rating. The term "next of kin" means the nearest blood relative of the covered servicemember. During the 12-month period described in this paragraph, you may be entitled to a combined maximum total of 26 weeks of leave. If you and your spouse are both employed by Birmingham-Southern College, the two of you will be limited to a combined total of 26 weeks for all leave taken under the FML policy.

15.05 PAY AND BENEFITS DURING FAMILY AND MEDICAL LEAVE

You must substitute all available paid leave for any unpaid leave entitlement under the Family and Medical Leave Act. The employee who returns to work after FML unpaid leave will not accrue sick and annual leave for that month in which the employee is unavailable to work at least 15 calendar days.

Your health insurance benefits will be maintained while on FML. Birmingham-Southern College's and your share of the health plan premium will be paid in the customary manner. If any pay you receive while on FML is insufficient to cover your portion of the premiums, Birmingham-Southern College will notify you of the amount due. If you fail to pay your portion of the premiums after notification by Birmingham-Southern College, your coverage may be cancelled.

15.06 RESTORATION TO EMPLOYMENT

You generally have the right to return to the same position or an equivalent position with equivalent pay, benefits, and working conditions at the end of the leave.

Birmingham-Southern College may decline to restore you to the same or equivalent position upon return from leave to prevent substantial and grievous economic injury to the operations of Birmingham-Southern College if you are a key employee. You are a key employee if you are salaried and among the highest paid 10% of the employees. You will be notified in writing of that status if Birmingham-Southern College believes there is a possibility you will not be restored at the end of the FML period.

15.07 INTERMITTENT OR REDUCED LEAVE

You may take intermittent leave or may work a reduced leave schedule to reduce the usual number of hours per workday or workweek. Intermittent or reduced leave schedules are subject to employer approval unless medically necessary.

15.08 MILITARY LEAVE

Birmingham-Southern College complies with all federal and state laws for the protection of employment rights of those persons serving in the Uniformed Services. Birmingham-Southern College prohibits discrimination against you because you belong to, have served in or are applying to join a Uniformed Service, or because you have exercised your statutorily protected military leave rights.

You must notify your immediate supervisor and the Human Resources Office as soon as you know of the likely date of the beginning of military activity that might require leave. Notice must be received no less than five (5) days before the leave is to begin, unless military necessity prevents such notice or it would otherwise be impossible or unreasonable.

You must provide a copy of your orders to your supervisor and the Human Resources Office no later than 24 hours after you receive them.

15.09 BENEFITS DURING MILITARY LEAVE

If you are on active duty and unable to use your annual leave due to Military Leave, you may request to be paid accrued unused annual leave time on the next pay period. Upon your return from Military Leave, you will receive Holiday Pay for Holidays which occurred during your absence, if eligible. You may continue your medical insurance coverage while on military leave, subject to normal cost-sharing. If you wish to cancel your medical coverage, you must contact the Human Resources Office. Premiums will be deducted from any pay that you receive during leave. If any pay you receive is insufficient to cover your portion of the premiums, you may pay the premiums to the College monthly.

15.10 RETURN FROM MILITARY LEAVE

When you return from military leave, you will be restored from military leave to your job, consistent with and subject to the exceptions contained in the Uniformed Service Employment and Reemployment Rights Act (USERRA).

Military leave generally extends up to five (5) years. Military leave may be extended under certain circumstances, and there are certain types of service that do not count toward the 5 year limit.

If you are on military leave for 30 days or less, you must report back to work on the first regularly scheduled shift after the end of your service, allowing reasonable travel time. If your leave extends more than 30 days, you must apply for reinstatement in accordance with USERRA and all applicable state laws. To apply for reinstatement, you must contact the Human Resources Office. Do not contact your supervisor. If your military leave extends more than 30 days, you must submit documentation showing that:

- your application for reemployment is timely;
- you have not exceeded the five year limit;
- your separation or discharge from service does not disqualify you from reemployment rights.

Upon return from Military Leave, you will be placed in the position you would have attained had you remained continuously employed or in a comparable position, depending on the length of military service in accordance with USERRA. You will be treated as though you were continuously employed for purposes of determining benefits based on length of service.

Upon your return to work, you may deposit your contributions to the 403(b) plan for the period of your military service. The College will make retroactive contributions to your retirement plan on the same basis as if you had not left, provided you were an enrolled member of the retirement plan at the time of leave. The percentage of contribution will be made on the base salary you would have earned taking into account any pay increases that may have occurred during the leave. The portion of the College contribution is dependent on your contribution.

The make-up payment period cannot exceed three (3) times the period of military service or five (5) years, whichever is less.

While on military leave you will not accrue annual leave or sick leave.

15.11 PERSONAL LEAVE

Birmingham-Southern College defines a personal leave of absence as an absence without pay and authorized in advance. Short-term personal leave is less than three (3) months and requires advance approval by your supervisor and general officer. Extended personal leave is more than three (3) months and must be approved in advance by your supervisor, vice president, and the President of the College.

You will not accrue annual leave or sick leave during personal leave of absence. Insurance benefits will continue as long as you pay all portions of the benefit costs. This continuance of benefits will not be extended beyond three (3) months unless you make a written request to the Associate Vice President for Human Resources and Risk Management. The Associate Vice President for Human Resources and Risk Management and the Vice President for Business and Finance & CFO will review each case and make a decision.

15.12 PROFESSIONAL LEAVE

Birmingham-Southern College defines a professional leave of absence as an absence without pay and authorized in advance. Short-term professional leave is less than three (3) months and requires advance approval of your supervisor and general officer. Extended professional leave is more than three (3) months and must be approved in advance by your supervisor, general officer, and the President of the College.

You will not accrue annual leave or sick leave during the professional leave of absence. Insurance benefits will continue as long as the staff member pays all portions of the benefit costs. This continuance of benefits will not be extended beyond three (3) months unless you make a written request to the Associate Vice President for Human Resources and Risk Management. Staff members granted professional leave for work activities related to purposes and goals of the College may be allowed to return to the same compensation benefits as those acquired by staff in comparable positions on recommendation of the appropriate general officer. The Associate Vice President for Human Resources and Risk Management and the Vice President for Business and Finance & CFO will review each case and make a decision.

16.00 On the Job Injuries/Illnesses and Workers' Compensation Insurance

Workers' Compensation Insurance coverage is provided for all employees of the College. The insurance covers an employee's accidental death or injury or occupational disease, which occurs in the course of employment at the College. The Workers' Compensation Laws of the State of Alabama govern benefits.

Should your injury require time off, the first three (3) days will be charged to sick leave. Beginning the fourth (4th) day, you will be compensated as per Workers' Compensation guidelines.

You must report any work-related injury or illness to the Human Resources Office and request a Medical Referral Form. The Human Resources Office will then provide a referral for you to St. Vincent's Occupational Health Clinic, the College's approved facility.

After Hours Care

If you must seek medical treatment for a work-related injury or illness after hours, you should contact Campus Police (226-4700) for assistance. The St. Vincent's Emergency Room is the College's approved after hours facility. You should contact Human Resources (226-4644 or 226-4646) the next business day so we may complete the appropriate paperwork. A voice mail message may be left for Human Resources at any time. All follow-up care, including specialist referrals, will be coordinated by the appropriate approved facility and the workers' compensation carrier.

Failure to timely notify Human Resources of a work-related injury or illness, may result in denial of worker's compensation benefits.

16.01 POST-ACCIDENT DRUG AND ALCOHOL TESTING

You are subject to drug and alcohol testing in post-accident and near accident events involving injury, illness, occupational disease, and/or property damage, or the potential for such injury or damage.

If you cause, contribute to, or are otherwise involved in any work-related incident, accident, or occurrence that may lead to a workplace injury, illness, occupational disease, or worker's compensation claim, you are required to immediately report such incident to the College. If you fail to report any such incident which requires drug and/or alcohol screening you may be subject to discipline.

You may be required to submit to post-accident drug and alcohol testing following the incident, accident, or occurrence, even if no medical treatment is needed and even if you have not had the opportunity to report the incident, accident, or occurrence. You must authorize the College to access any medical records which may indicate impairment or influence of drugs and/or alcohol.

Workers' compensation benefits may be denied for an injury due to an injured employee being intoxicated from the use of alcohol or being impaired by illegal drugs, if the intoxication or impairment caused or contributed to such accident or injury.

Any refusal on your part to consent, submit, or otherwise cooperate with such testing will be considered a violation of the College's standards of conduct and will be grounds for discipline and forfeiture of the right to recover worker's compensation benefits.

17.00 College Closings

It is the general policy of the College that the President and the Provost shall consult during periods of inclement weather. The President will make the final decision, which will be reported to the media for general dissemination through the Office of Communications. Emergency closing information will also be posted on the BSC Website, distributed via BSC email, and the College's Information Line (226-3000).

In cases when inclement weather closes the campus during your annual leave or sick leave, the day will not be counted as an annual leave or sick leave day. You will be paid for regularly scheduled hours during closings. Campus Police and other non-exempt classified personnel who are required to remain on campus during an official closing will be paid the overtime rate for the duration of their stay. This includes the hours worked on a scheduled shift. The overtime rate will begin on the shift an officer or other non-exempt personnel are working when the College is closed and will end on the shift when the College is re-opened.

18.00 Safety and Security

The College makes every effort to protect your safety and health. If unsafe conditions are observed, it is your responsibility to report the unsafe conditions to your immediate supervisor or Campus Police (226-4700). The College provides 24-hour 7-day per week security for the campus. For your safety all gates except the Bruno Entrance are locked. Vehicles not bearing proper parking decals will be stopped by Campus Police at the Bruno Entrance.

18.01 SAFETY AND SECURITY REPORT

An annual safety and security report is published to provide the College community and prospective students with general information related to safety and security at Birmingham-Southern College. Statistics on specific incidents are reported as required by the Crime Awareness and Campus Security Act of 1990.

18.02 FIREARMS

The College prohibits the possession, except as allowed in this policy, of firearms on campus with the exception of Campus Police.

If you possess a current Alabama pistol permit you may keep a firearm locked in your vehicle. Under no circumstances are you allowed to carry a firearm while on campus. (This includes possession of a firearm in any type bag, such as a purse.)

18.03 FIRE SAFETY

Fire prevention measures cannot be overemphasized. However, in the event that a fire occurs, the following steps should be taken:

1. Check the fire and judge its size.
2. Pull the fire alarm.
3. Call Campus Police (226-4700). They will call the Birmingham Fire Department.
4. Evacuate the building.

18.04 EMERGENCY RESPONSE

In the event of an emergency or disaster occurring on campus, whether natural or man made, the Campus Police are prepared to address the issue appropriately and in an expeditious manner. In the rare occurrence of an incident reaching a proportion that can not be handled through routine measures, the Campus' Emergency Response Team, composed of a diverse group of campus administrators, will be activated to direct the College's efforts.

When the situation dictates mass communication to the campus community, one or all of the following methods may be employed: College voice mail, e-mail, personal notification from the Campus Police in person or via an amplified system, and text messaging to cellular phones. It is the responsibility of the employee to ensure your cellular phone number is correct in TheSIS so you will receive any emergency notifications.

In the event of a tornado or other natural disaster, you should refer to the information located in each building which designates the safest area to assemble. Report immediately to this designated area, typically the lowest level room in the most northwest area of the building.

The Birmingham-Southern College Emergency Response Manual can be found here:
<https://www.bsc.edu/campus/police/erm/files/assets/basic-html/page-1.html#>

18.05 EMERGENCY TELEPHONES

Emergency blue light phones are strategically located on campus, plus at the entrance of each residence hall. These phones may be used for assistance at any time.

18.06 ESCORTS

You are encouraged to call Campus Police (226-4700) if you desire an escort to your vehicle after working hours.

For security purposes, you may be issued a key upon approval by your supervisor. Keys will be issued three (3) to ten (10) days after receipt of the request (depending upon availability). You must sign for receipt of the key(s), which are not transferable from one employee to another. When your employment with Birmingham-Southern College is terminated, you must return your key(s) to the Human Resources Office during your Exit Interview. Failure to do so may result in a \$50 fine, which will be deducted from your final paycheck.

Key request forms are available on the Human Resources Forms website or through Operations.
