Refer to the forms under this tab as you complete your Summer to do list

Forms

- Summer to do list** - this list is what you need to do to get you ready for BSC in the fall.
- Complete your **Uniquely Birmingham form** (First-Year students only) Due August 10th. Form located on Panther Checklist.
- Complete your **Housing Application** *as soon as possible (residential students only - use your BSC username and password you received from Admissions to log in)*. Know what to **bring/not bring to campus** when you are moving to the Hilltop.
- Complete your **Health & Medical Insurance Information Forms** . ALL students need to fill out the complete Student Health Information forms on your Panther Checklist. Additionally, student athletes need to fill out the New Athlete Forms emailed by Rachel Morris.
- Complete your **FERPA Form**. This form allows you to give your parents/guardians access to your education records including financial aid information. Due August 10th. Form located on Panther Checklist.
- Allow family to pay bills by given them **person proxy**. Due August 10th.
- Directions to register** for parking decal.

Read attached documents that will explain your schedule. If you have questions, please email Kim Lewis. Her email is on the attachment.

Summer Orientation 2022
 Questions? Please contact Prof. Kim Lewis klewis@bsc.edu

WHAT'S DIFFERENT ABOUT BSC? 'GENERAL EDUCATION IS DISTINCT'

Traditional University:

- Set group of required classes
- Limited choice in general education classes; it's a checklist:
- "Take 2 math courses."
- "Take 2 science courses."
- "Take 1 literature course."
- "Take 1 history course."
- "Take 2 social science courses."

Birmingham-Southern College:

- Explorations is our General Education Curriculum.
- Learning Outcomes-based
- Much more broad in its students fulfill requirements
- Learning Outcomes ("be fulfilled by multiple")

WHAT'S DIFFERENT ABOUT BSC? 'CREATING LIFELONG LEARNERS'

- Academic Rigor: We want BSC students to really digest and learn!
- Students are ACTIVE participants and learners in class. They will engage in learning. "Small classes allow for more interaction between faculty and students. We don't..."

EXPERIENTIAL LEARNING
 "GRADUATION REQUIREMENT BEGINNING AT 2"

An EL experience should be:

- Authentic
- Immersive
- Accountable

Such accountability can derive from the relationship formed in working closely with a research mentor, from an employer at an internship site, from the student in a class when working as a teaching fellow, or from the cultural accountability that comes with living and studying abroad, to name a few examples.

These characteristics combine to provide opportunities for students to exercise judgment, make decisions, and learn from mistakes as well as to...

THE 1ST TERM SCHEDULE PROCESS:

- A very select group of faculty members create each first-year student individually. We're experts at first-year schedules!
- We review the course preferences the student submitted, possible majors listed or other academic interests.
- We consider special scholarships and programs such as Fine and Performing Arts, Bonner Leaders, Harrison Honors Program.
- We review high school courses and test scores (AP, IB, ACT, SAT) for placements.
- We look at other factors affecting the student's schedule such as being a student athlete.

YOUR FIRST TERM SCHEDULE
NO TWO PATHWAYS ARE THE SAME

Explorations in Scholarship First-Year Seminar
 Students will be able to:

- contribute to ongoing conversations
- make effective oral presentations
- identify strengths and weaknesses of others
- position oneself in an ongoing conversation
- engage in library and/or other research

ARB 155 Black and Arab (1) – ES
 An examination of the historical and political contexts that converge and at other times diverge from each other in the Arabic-speaking world. Using films, literary texts, and other media, the course invites students to think critically about the complex relationships between people and cultures with a focus on gender and identity.

BA 120 Marketing Maximizing Opportunities
 An introduction to the strategic decisions that drive a brand. The primary objective of the course is to help students understand the level.

CH 149 Chemical Principles (1) – ES
 A one-semester course covering advanced topics in chemistry as an introduction to organic and biochemistry. Prerequisite: AP Chemistry.

EH 160 America in the 1960s (1) – ES
 An examination of socioeconomic class and the American dream. Students will consider the American dream, the history of economic success and upward mobility, and the reality of the American dream with Birmingham City schools. (Required for all students.)

Your Fall Schedule at BSC

Your schedule was created just for you by a faculty member who reviewed your course preferences, major/career goals, and your high school transcript. Everything on your schedule has a purpose.

First-year students must take *IDS 142 Lives of Significance*, one *Explorations in Scholarship (ES)* course along with either *EH 102 Seminar in Critical Thinking and Writing* or *EH 208 Intermediate Writing* during their first year at BSC. You may take at least one of these on your schedule for the fall, maybe two. Your English Writing course enrollment is determined by placement of academic advising and faculty in the English department.

Every course you are enrolled in will fulfill a requirement for Explorations general education so all courses count!

- Units:** The BSC curriculum is based on units, where 1 unit = 4 semester hours. For example, if you are taking 3.50 units, then that's the equivalent of 14 semester hours. You are enrolled for at 4.0 units for the fall. That is full-time enrollment (16 semester hours). You may choose to add an additional unit up to 4.75 units if you choose
- Explorations Curriculum Designations:** Some courses have two-letter Exploration Curriculum designations noted after the units. You will learn more about how to use these designations during Orientation.

Course Plan for: Incoming 1st Year Student		Major: To be Determined		
BSC Degree Requirements (All Students): 30.0 regular units and 2 E-terms (128 semester hours)				
	Fall XXXX	E-Term	Spring XXXX	Summer
